APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the accompanying form of proxy are directors and/or officers of the Company. **A Shareholder has the right to appoint a person (who need not be a Shareholder) to attend and act on the Shareholder's behalf at the Meeting other than the persons named in the accompanying form of proxy. To exercise this right, a Shareholder shall strike out the names of the persons named in the accompanying form of proxy and insert the name of the Shareholder's nominee in the blank space provided, or complete another instrument of proxy.**

Shareholders, including Beneficial Shareholders (as defined below), who wish to appoint a third-party proxyholder to represent them at the Meeting **must submit their proxy or voting instruction form (as applicable) prior to registering their proxyholder. Registering the proxyholder is an additional step once the Shareholder has submitted their proxy or voting instruction form.** To register a proxyholder, Shareholders must visit <https://virtual-meetings.tsxtrust.com/1838> and provide the TSX Trust Company with their proxyholder's contact information by 7:00 a.m. (Pacific Time) on Friday, October 3, 2025. The time limit for deposit of proxies may be waived or extended without notice by the Chairperson of the Meeting at his or her direction. In addition, late proxies may be accepted or rejected by the Chairperson of the Meeting at his or her discretion, and the Chairperson is under no obligation to accept to reject any particular late proxy.

A proxy will not be valid unless it is duly completed, signed and deposited with the Company's registrar and transfer agent, TSX Trust Company, 301 - 100 Adelaide Street West, Toronto ON M5H 4H1, not later than 48 hours, excluding Saturdays, Sundays and holidays, prior to the Meeting (i.e. prior to 7:00 a.m. (Pacific Time) on Wednesday, October 1, 2025) or any adjournment thereof. A proxy must be signed by the Shareholder or by his attorney in writing, or, if the Shareholder is a corporation, it must either be under its common seal or signed by a duly authorized officer.

A Shareholder who has given a proxy may revoke it at any time before it is exercised. In addition to revocation in any other manner permitted by law, a proxy may be revoked by instrument in writing executed by the Shareholder or by his attorney authorized in writing, or, if the Shareholder is a corporation, it must either be under its common seal or signed by a duly authorized officer and deposited by hand or mail with TSX Trust Company, 301 - 100 Adelaide Street West, Toronto ON M5H 4H1, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or to the Chairperson of the Meeting on the day of the Meeting or any adjournment thereof. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

If a registered Shareholder who has submitted a proxy attends the Meeting via live webcast using a control number or username and accepts the terms and conditions when entering the Meeting online, any votes cast by such Shareholder on a ballot will be counted and the submitted proxy will be disregarded.

VOTING OF SHARES AND EXERCISE OF DISCRETION OF PROXIES

On any poll, the persons named in the accompanying form of proxy will vote the shares in respect of which they are appointed. Where directions are given by the Shareholder in respect of voting for or against any resolution, the proxy holder will do so in accordance with such direction. **In the absence of any instruction in a proxy, it is intended that such shares will be voted in favour of the motions proposed to be made at the Meeting as stated under the headings in this Circular.**

The accompanying form of proxy, when properly signed, confers discretionary authority with respect to amendments or variations to the matters which may properly be brought before the Meeting. At the time of printing this Circular, the Management of the Company is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any other matters which are not now known to the Management should properly come before the Meeting, the proxies hereby solicited will be exercised on such matters in accordance with the best judgment of the nominee.

In order to approve a motion proposed at the Meeting, a majority of greater than 50% of the votes cast will be required (an "**Ordinary Resolution**") unless the motion requires a special resolution, in which case a majority of not less than two-thirds of the votes cast will be required. In the event a motion proposed at the Meeting requires disinterested shareholder approval, shares held by Shareholders who are also "insiders", as such term is defined under applicable securities laws, will be excluded from the count of votes cast on such motion.

ADVICE TO BENEFICIAL SHAREHOLDERS

The information set forth in this section is of significant importance to many Shareholders as a substantial number of Shareholders do not hold shares in their own name. Shareholders who do not hold their shares in their own name (referred to in this Circular as "**Beneficial Shareholders**") should note that only proxies deposited by Shareholders whose names appear on the records of the Company as the registered holders of shares can be recognized and acted upon at the Meeting.

Only registered Shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most Shareholders are "non-registered" shareholders because the shares of the Company that they own are not registered in their own names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased their shares. A person is not a registered Shareholder (a "**Beneficial Holder**") in respect of shares which are held either (i) in the name of an intermediary (an "**Intermediary**") that the Beneficial Holder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIAs, RESPs and similar plans), or (ii) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc.), or its nominee, of which the Intermediary is a participant. In accordance with the requirements of National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian Securities Administrators, the Company has distributed copies of the materials for the Meeting to the clearing agencies and Intermediaries for onward distribution to Beneficial Holders.

Intermediaries are required to forward the Meeting materials to Beneficial Holders other than Beneficial Holders that have waived the right to receive them. Management does not intend to pay for intermediaries to forward the meeting materials to objecting beneficial owners and therefore such objecting beneficial owners will not receive the materials unless the objecting beneficial owner's intermediary assumes the cost of delivery.

Intermediaries will frequently use service companies to forward the Meeting materials to Beneficial Holders. Generally, Beneficial Holders who have not waived the right to receive the Meeting materials will either:

- (a) be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of the Company's shares beneficially owned by the Beneficial Holder and is to be completed, but not signed, by the Beneficial Holder and deposited with TSX Trust Company, or
- (b) more typically, be given a voting instruction form which is not signed by the Intermediary, and which, when properly completed and signed by the Beneficial Holder and returned to the Intermediary or its service company, will constitute voting instructions which the Intermediary must follow.

In either case, the purpose of this procedure is to permit Beneficial Holders to direct the voting of the Company's shares which they beneficially own. Should a Beneficial Holder who receives one of the above forms wish to vote at the Meeting in person, the Beneficial Holder should strike out the names of the management proxyholders named in the form and insert the Beneficial Holder's name in the blank space provided. Beneficial Holders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or proxy authorization form is to be delivered.

Although Beneficial Shareholders may not be recognized directly at the Meeting for the purpose of voting shares registered in the name of their broker, agent or nominee, a Beneficial Shareholder may attend the Meeting as a proxyholder for a shareholder and vote their shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their shares as proxyholder for the registered shareholder should contact their broker, agent or nominee well in advance of the Meeting to determine the steps necessary to permit them to indirectly vote their shares as a proxyholder.

All references to shareholders in this Circular and the accompanying form of proxy are to registered Shareholders and duly appointed proxyholders unless specifically stated otherwise. Shareholders who wish to appoint a third-party proxyholder to represent them at the Meeting **must submit their proxy or voting instruction form (as applicable) prior to registering their proxyholder**. See "*Appointment and Revocation of Proxies*" above for further information.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Except as otherwise disclosed herein, none of:

- (a) the directors or executive officers of the Company at any time since the beginning of the last financial year of the Company;
- (b) the proposed nominees for election as a director of the Company; or
- (c) any associate or affiliate of the foregoing persons,

has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matters to be acted upon at the Meeting exclusive of the election of directors or the appointment of auditors.

RECORD DATE, VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

Compensation Discussion and Analysis

Discussion and Analysis

The objective of the Company's compensation strategy is to provide adequate levels of base compensation for its NEOs as well as discretionary bonuses to act as incentive mechanisms for achieving corporate goals and objectives and ensure compensation is competitive so as to enable the Company to continue to attract talented individuals. Each NEO receives a base salary in recognition of the position's day-to-day duties and responsibilities.

The Compensation & Nominating Committee, a committee of the board of directors of the Company (the "**Board**"), is responsible for establishing management compensation. The Board, and the Compensation & Nominating Committee thereof, do not have a pre-determined, performance-based compensation plan, but rather review the performance of management at the end of each fiscal year. The Board reviews each NEO's base salary on an annual basis, and may also consider an NEO's qualifications, experience, length of service and past contributions in determining an NEO's base salary.

The Board may also set, throughout the year, discretionary bonuses to serve as incentive mechanisms for the meeting of particular corporate goals and objectives, or for the Company's financial performance. In arriving at a decision to award and in determining the amount of discretionary cash bonuses, the Compensation & Nominating Committee considers performance measures, including financial, budgetary, projects and other corporate initiatives.

Under the terms of the executive employment agreement dated May 30, 2022 between the Company and Luis Santana, as amended and restated on February 22, 2025, the Chief Executive Officer of the Company, Mr. Santana is entitled to an annual salary of USD\$300,000 for his services as Chief Executive Officer. Mr. Santana is also entitled to participate in an annual cash incentive bonus plan that provides him with the opportunity to receive a cash-based performance bonus with a target set at 50% of his annual salary (or USD\$150,000), based on criteria adopted by the Board.

Under the terms of the employment agreement dated May 20, 2020 between the Company and Paul Robertson, the Chief Financial Officer of the Company, Mr. Robertson is entitled to a monthly salary of \$3,000 for his services as Chief Financial Officer. Under a separate accounting services agreement dated March 1, 2019 between the Company and Quantum Advisory Partners LLP, a limited liability partnership that is licensed and registered with the Institute of Chartered Accountants of British Columbia through which Mr. Robertson practises accounting, Quantum Advisory Partners LLP provides the Company with accounting services.

NEOs are also eligible to participate in the Company's amended and restated stock option plan (the "**Option Plan**") and receive grants of stock options thereunder.

Base salaries and bonuses are determined largely by reference to market conditions and salaries and bonuses paid for equivalent positions and roles. Benchmarking has not been utilized for setting base salaries or bonuses, rather the overall experience of the Board is used in determining appropriate and competitive compensation levels, taking into account the NEO's performance for the preceding fiscal year. In addition to performance, the members of the Compensation & Nominating Committee consider, among other things, the industry in which the Company operates, the competitive landscape for hiring executives within this industry, the public nature of the Company, the financial condition and market capitalization of the Company and the defined responsibilities of each individual. The Compensation & Nominating Committee believes that the salary and bonus paid to each NEO during the last fiscal year was commensurate with such NEO's position and experience.

The Board believes that the executive compensation program of the Company should not raise its overall risk profile. Accordingly, the Company's executive compensation programs include safeguards designed to mitigate compensation risks. The following measures impose appropriate limits to avoid excessive or inappropriate risk taking or payments:

- discretionary bonus payments are determined by the Compensation & Nominating Committee based on individual annual performance reviews;
- adoption of a stock option vesting policy pursuant to which incentive stock options granted to executive officers and management vest over time discourages excessive risk-taking to achieve short-term goals; and
- implementation of trading black-outs under the Company's Corporate Disclosure Policy limits the ability of executive officers to trade in securities of the Company.

Inappropriate and excessive risks by executives are also mitigated by regular meetings of the Board, at which, activity by the executives must be approved by the Board if such activity is outside previously Board-approved actions and/or as set out in a board-approved budget. Due to the fact that the Company is still an exploration stage mining company, and given the current composition of the Company's executive management team, the Board and the Compensation & Nominating Committee are able to closely monitor and consider any risks which may be associated with the Company's compensation

practices. Risks, if any, may be identified and mitigated through regular Board meetings during which financial and other information of the Company is reviewed, including executive compensation.

Risk management is not a primary consideration of the Compensation & Nominating Committee in designing or determining executive compensation. An NEO or director is not expressly prohibited from purchasing financial instruments, including for greater certainty, prepaid variable forward contracts, equity swaps, collars or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

Share-Based and Option-Based Awards

The Option Plan is used to attract, retain and incentivize qualified and experienced personnel. The Option Plan is an important part of the Company's long-term incentive strategy for its NEOs, as well as for its other directors, officers, other management, employees and consultants (collectively, "**eligible persons**"), permitting them to participate in any appreciation of the market value of the Common Shares over a stated period of time. The Option Plan is designed to foster a proprietary interest in stock ownership, and to reinforce a commitment to the Company's long-term growth, performance and success as well as increasing shareholder value.

The Board reviews the grant of stock options to NEOs from time to time, based on various factors such as the NEO's level of responsibility and role and importance in the Company achieving its corporate goals, objectives and prospects. Previous grants of options are taken into account when considering new grants of stock options to NEOs.

The Board or the Compensation & Nominating Committee, as applicable, may determine the terms relating to each option, including the number of shares subject to each option, the exercise price, the expiration date of each option, and the extent to which each option is exercisable during the term of the option, based on the recommendation of the CEO of the Company.

The Company has no equity compensation plans other than the Option Plan.

The Compensation & Nominating Committee, as at December 31, 2024, was comprised of the following directors: Mr. Patrick Michaels (chair - independent), Mr. Florian Siegfried (independent) and Mr. Frank Balint (independent).

The members of the Compensation & Nominating Committee do not have direct experience that is relevant to their responsibilities in executive compensation. As a senior member of the executive team at Inmet Mining Corp. ("Inmet") for nearly 20 years, he has had significant involvement with shaping, communicating, and executing a successful corporate strategy that saw Inmet grow from a market cap of less than \$200 million to over \$5 billion before it was acquired by First Quantum Minerals in March of 2013. Geo) in Ontario and is currently a director of Doré Copper Mining Corp.

The Company has not adopted a formal policy on compensation risk management nor has it engaged an independent compensation consultant. The Company has a Compensation & Nominating Committee to assist the Board in discharging its duties relating to compensation of the Company's directors and executive officers.

(1) Deemed fair value of options granted during the fiscal year, based on the Black-Scholes-Merton model. The Company used the Black-Scholes-Merton model as the methodology to calculate the grant date fair value, and relied on the following key assumptions and estimates for the 2024 calculation: (a) risk-free interest rate: 4.12%; (b) life of option: 5 years; (c) expected volatility: 89%; and dividend yield: 0%. The Black-Scholes-Merton option valuation model is used because it provides a fair value widely accepted by the business community and is regarded as one of the best ways of determining fair prices of options.

(1) The foregoing information is presented as of December 31, 2024.

(2) Represents the Option Plan of the Company, which reserves a number of Common Shares equal to 10% of the then outstanding Common Shares from time to time for issue of stock options (10,902,633 options available under the plan as at December 31, 2024).

Summary of the Option Plan

- The Option Plan reserves, for issue pursuant to stock options, a maximum number of Common Shares equal to 10% of the outstanding Common Shares of the Company from time to time.
- The total number of Common Shares reserved for issuance to any one person under the Option Plan may not exceed 5% of the outstanding Common Shares at the time of grant.
- Full or part-time employees, officers or directors of the Company or its subsidiaries, persons providing or employed by a person providing management services to the Company, persons engaged to provide ongoing consultation services to the Company or entity controlled by the Company, persons engaged to provide investor relations services to the Company, or registered retired savings plans of any of the foregoing persons, are eligible to participate under the Option Plan.
- The purchase price for the Common Shares (the "**Price**") under each stock option shall be determined by the Board or a committee established by the Board, as applicable, and shall not be less than the Discounted Market Price (as defined in the policies of the TSX-V), or such other price as may be required or permitted by the TSX-V from time to time. If there is a reduction in the Price of the options of an insider of the Company, disinterested shareholder approval must be obtained.
- Options issued under the Option Plan may vest at the discretion of the Board, provided that (a) the number of shares which may be acquired pursuant to the Option Plan shall not exceed a specified number or percentage during the term of the optionee; and (b) options issued to Investor Relations Service Providers (as defined in TSX-V Policy 4.4 – *Security Based Compensation* (the "**Policy**")) must vest in stages over not less than 12 months with no more than one-quarter (1/4) of the options vesting in any three month period.
- Upon an Accelerated Event (as defined in the Option Plan), the Board may permit the optionee to exercise their options so that the optionee may participate in the transaction, offer or proposal, or may require the acceleration of the time for the exercise of the stock option and of the time for the fulfillment of any conditions or restrictions on such exercise. Any acceleration of vesting requirements applicable to stock option grants to an Investor Relations Service Provider (as defined in the Policy) must be approved by the TSX-V.

- If approved by the Board, a “net exercise” is permitted, whereby an optionee, other than an optionee who is an Investor Relations Service Provider (as defined in the Policy) may exercise vested stock options without payment, by electing to surrender such stock option in exchange for the issuance of the number of Common Shares equal to the number determined by dividing (a) the product of the number of stock options surrendered by the difference between the fair market value (calculated as at the date of settlement based on the volume weighted average trading price of the Common Shares for the five trading days immediately preceding the surrender) and the Price of such stock option by the (b) the fair market value (calculated as at the date of settlement).
- The number of Common Shares reserved for issue to any Consultant (as defined in the Policy) in any 12-month period under the Option Plan may not exceed 2% of the outstanding Common Shares at the time of grant.
- The aggregate number of Common Shares reserved for issue to Investor Relations Service Providers (as defined in the Policy) in any 12-month period under the Option Plan may not exceed 2% of the outstanding Common Shares at the time of grant.
- Stock options may have a term not exceeding five years.
- If the optionee ceases to be a director, officer, employee or consultant of the Company the options granted to such optionee may only be exercised within specified periods.
- Stock options are non-assignable and non-transferable.
- If an option issued under the Option Plan has been settled in cash, cancelled, terminated, surrendered, forfeited or expired without being exercised, the shares issuable pursuant to such option shall be added back to the number of shares reserved for issuance under the Option Plan and such shares will again become available for grant under the Option Plan.
- In the event that the term of an option expires during a period in which insiders are prohibited from trading in the Company's securities by law, the policies of the TSX-V, or any insider trading policy of the Company (a “**Blackout Period**”), the option shall expire on the date that is 10 business days following the conclusion of the Blackout Period.

Option Plan

Under the policies of the TSX-V, the Option Plan must be re-approved on a yearly basis by Shareholders. The Option Plan was most recently approved by Shareholders on September 27, 2024 at the 2024 annual general meeting of shareholders of the Company. The Board has since made a minor amendment to the Option Plan to ensure compliance with the policies of the TSX-V.

The purpose of the Option Plan is to provide the Company with a share-related mechanism to attract, retain and motivate qualified directors, officers, employees and consultants, to reward those individuals from time to time for their contributions toward the long-term goals of the Company and to enable and encourage those individuals to acquire Common Shares as long-term investments.

A blackline copy of the full text of the Option Plan, as amended, is attached hereto as Schedule “C”.

Copies of the Financial Statements, together with the Auditor's Report thereon and the Company's MD&A, Notice of Meeting, Circular and form of proxy will be available on the SEDAR+ website at www.sedarplus.ca and at the Company's registered and records office at Blake, Cassels & Graydon LLP, 1133 Melville Street, Suite 3500, The Stack Vancouver, British Columbia, V6E 4E5.

ELECTION OF DIRECTORS

The persons named in the accompanying form of proxy intend to vote in favour of fixing the number of directors at seven (7). Although management is nominating seven (7) individuals to stand for election, other nominees may be put forward, provided that such nominations are made in accordance with the Company's advance notice provision in its by-laws (the "**Advance Notice Provision**").

At the Company's annual general meeting held on June 12, 2014, shareholders passed a resolution amending the Company's by-laws to include the Advance Notice Provision. The Advance Notice Provision provides shareholders, directors and management of the Company with direction on the process for the nomination of directors to the Board. The Advance Notice Provision establishes a deadline prior to any annual or special meeting of shareholders for a holder of record of Common Shares of the Company to submit notice to the Company of any director nominations by such registered shareholder (a

"Nominating Shareholder") and sets forth the information that a Nominating Shareholder must include in the notice to the Company for the nomination to be in the proper form.

The Advance Notice Provision provides, in part, that in the case of an annual meeting of shareholders, notice of a nomination must be provided by a Nominating Shareholder not less than 30 nor more than 65 days prior to the date of the meeting; provided, however, that in the event that the meeting is to be held on a date that is less than 60 days after the date on which the first public announcement of the date of the meeting was made (the "**Notice Date**"), notice of a nomination by the Nominating Shareholder must be made not later than the close of business on the tenth (10th) day following the Notice Date. In the case of a special meeting (which is not also an annual meeting) of shareholders called for the purpose of electing directors (whether or not called for other purposes), notice of a nomination by the Nominating Shareholder must be made not later than the close of business on the tenth (10th) day following the day on which the first public announcement of the date of the meeting was made. In no event shall any adjournment, postponement, or reconvening of a meeting, or the announcement thereof commence a new time period for the giving of a Nominating Shareholder's notice as described above.

To be in proper form, the Advance Notice Provision provides that the Nominating Shareholder's notice of nomination must set forth:

- i. as to each person whom the Nominating Shareholder proposes to nominate for election as a director, (A) the name, age, business address and residential address of the person, (B) the principal occupation or employment of the person (both present and within the five (5) years preceding the notice), (C) whether the person is a resident Canadian within the meaning of the Act, (D) the number of securities of each class of voting securities of the Company which are, directly or indirectly, controlled, directed or owned, beneficially or of record, by the person as of the record date for the meeting of shareholders (if such date shall then have been made publicly available and shall have occurred) and as of the date of such notice, and (E) any other information relating to the person that would be required to be disclosed in a dissident's proxy circular in connection with solicitations of proxies for election of directors pursuant to the Act or any applicable securities laws; and
- ii. as to the Nominating Shareholder giving the notice, (A) the number of securities of each class of voting securities of the Company which are, directly or indirectly, controlled, directed or owned, beneficially or of record, by such person or any joint actors, as of the record date for the meeting (if such date shall then have been made publicly available and shall have occurred) and as of the date of such notice, (B) full particulars regarding any proxy, contract, arrangement, understanding or relationship pursuant to which such Nominating Shareholder has a right to vote or to direct or to control the voting of any shares of the Company, and (C) any other information relating to such Nominating Shareholder that would be required to be made in a dissident's proxy circular in connection with solicitations of proxies for election of directors pursuant to the Act and any applicable securities laws.

The Company may require any proposed nominee to furnish such other information as may reasonably be required by the Company to determine the eligibility of such proposed nominee to serve as an independent director of the Company or that could be material to a reasonable shareholder's understanding of the independence and/or qualifications, or lack thereof, of such proposed nominee.

Each director of the Company is elected annually and holds office until the next annual general meeting of Shareholders or until his successor is duly elected, unless his office is earlier vacated in accordance with the articles of incorporation of the Company.

In the absence of instructions to the contrary, the shares represented by proxy will be voted for the nominees herein listed. Management does not contemplate that any of the nominees will be unable to serve as a director.

Majority Voting

The Act has a statutory majority voting requirement for uncontested director elections, where the number of nominees for director is not greater than the number of directors to be elected. Under the Act, shareholders are allowed to vote "for" or "against" (as opposed to "for" and "withhold") each director nominee. If a nominated director does not receive a majority of the votes cast for his or her election, such nominated director will not be elected, provided that in the case of an incumbent

director who is not elected, such director may continue in office until the earliest of: (i) the 90th day after the election; and (ii) the day on which his or her successor is appointed or elected.

In addition, the Board is prohibited from appointing or re-appointing, as the case may be, any director nominee that failed to be elected except in limited circumstances to ensure that the Board is composed of the number of Canadian residents or the number of directors who are not officers or employees of the Company as is required by the Act. Any director nominee that fails to be elected may be nominated again at the next meeting of shareholders at which there is an election of directors.

Information Concerning Nominees Submitted By Management

The following table sets out required information regarding the persons nominated by management for election as a director. Each director will hold office until the next annual general meeting of the Company or until his or her successor is elected or appointed, unless his or her office is earlier vacated. Management does not contemplate that any of the nominees will be unable to serve as a director. In the event that prior to the Meeting any vacancies occur in the list of nominees, it is intended that discretionary authority shall be exercised by the person named in the proxy as nominee to vote the shares represented by proxy for the election of any other person or persons as directors. No proposed director is to be elected under any arrangement or understanding between the proposed director and any other person or company, except the directors and executive officers of the Company acting solely in such capacity:

Mr. William (Bill) Fisher was non-executive Chairman of Rame Energy, an AIM listed renewables energy company, with operations in the UK and Chile. It listed in 2014. Following a failed attempt to raise new equity in the aftermath of the UK Brexit referendum, the directors of Rame Energy were unable to secure sufficient new working capital to allow the business to continue to trade solvently. On August 4, 2016, the directors applied to the court to have an administrator appointed to

allow the business to seek a financing solution. On September 30, 2016, the main operations of the group were sold to a group of international investors. The court administration of the parent company, Rame Energy, is ongoing.

APPOINTMENT AND REMUNERATION OF AUDITORS

Davidson & Company LLP, Chartered Accountants is the Company's auditor, and was first appointed as the Company's auditor on January 30, 2014 by the Board, upon the recommendation of the Audit Committee of the Company.

Management recommends the re-appointment of Davidson & Company LLP, Chartered Accountants, as the auditor of the Company to hold office until the next annual general meeting of the Shareholders at remuneration to be fixed by the Board. The persons named in the accompanying form of proxy intend to vote in favour of such re-appointment.

PARTICULARS OF OTHER MATTERS TO BE ACTED UPON

Re-Approval of Option Plan

In accordance with the Policy, all issuers are required to adopt a stock option plan pursuant to which stock options may be granted. The Option Plan was most recently approved by Shareholders on September 27, 2024. The Board has since made a minor amendment to the Option Plan to ensure compliance with the policies of the TSX-V. The Option Plan provides for the issuance of options to acquire up to 10% of the Company's issued and outstanding Common Shares as at the date of grant. This is a "rolling" Option Plan as the number of Common Shares reserved for issuance pursuant to the grant of options will increase as the Company's issued and outstanding share capital increases.

The Policy requires that the Option Plan be approved by the Shareholders annually, at the Company's annual general meeting. Continuation of the Option Plan will be subject to the approval of the Shareholders and review and acceptance by the TSX-V. For the principal features of the Option Plan, see the heading "*Securities Authorized for Issuance under Equity Compensation Plan*".

A blackline copy of the Option Plan, as amended, is attached hereto as Schedule "C" and will be available at the Meeting for review by the Shareholders.

Accordingly, the Shareholders will be requested at the Meeting to pass an ordinary resolution in the following terms:

"BE IT RESOLVED AS AN ORDINARY RESOLUTION THAT:

1. the Company's amended and restated stock option plan (the "**Option Plan**"), as described in the Information Circular of the Company dated August 25, 2025, be and is hereby ratified, confirmed and re-approved, subject to acceptance by the TSX Venture Exchange;
2. the Company be authorized to grant stock options pursuant and subject to the terms and conditions of the Option Plan, entitling the option holders to purchase up to that number of common shares that is equal to 10% of the issued and outstanding capital of the Company at the time of the grant; and
3. any one director or officer of the Company is authorized and directed, on behalf of the Company, to take all necessary steps and proceedings and to execute, deliver and file any and all declarations, agreements, documents and other instruments and do all such other acts and things that may be necessary or desirable to give effect to this resolution."

The Board has determined that the approval of the Option Plan is in the best interests of the Company and its Shareholders. The Board unanimously recommends that Shareholders vote in favour of the resolution approving the Option Plan. The persons named in the enclosed proxy intend to vote for the approval of the foregoing resolutions at the Meeting unless otherwise directed by the shareholders appointing them. To be approved, this resolution must be approved by the majority of votes cast by Shareholders at the Meeting.

Other Matters

As of the date of this Circular, management knows of no other matters to be acted upon at this Meeting. However, should any other matters properly come before the Meeting, the shares represented by the proxy solicited hereby will be voted on such matters in accordance with the best judgment of the persons voting the shares represented by the proxy.

SHAREHOLDER PROPOSALS

Shareholders should direct any proposals they plan to present at the next annual general meeting of Shareholders to the Company between 90 and 150 days before October 3, 2025.

SCHEDULE "B"

FORM 58-101F2 - CORPORATE GOVERNANCE DISCLOSURE (VENTURE ISSUERS) AND CBCA DIVERSITY DISCLOSURE

CORPORATE GOVERNANCE DISCLOSURE

Pursuant to National Instrument 58-101 – *Disclosure of Corporate Governance Practices* the Company is required to and hereby discloses its corporate governance practices as follows.

Item 1: Board of Directors

The Board of Directors of the Company (the "**Board**") facilitates its exercise of independent supervision over the Company's management through frequent meetings of the Board. Should the Board believe it necessary, meetings of the Board may be held absent those directors who are not "independent" or non-independent directors may be excused from all or a portion of meetings where a potential conflict arises, may arise, or where otherwise appropriate.

Mr. Julio Espaillet (former President and CEO of the Company), Mr. William Fisher (former CEO of the Company) and Luis Santana (current CEO of the Company) are each deemed not to be "independent".

Item 2: Directorships

The directors of the Company are currently directors of the following other reporting issuers:

Name	Other Reporting Issuer
Julio Espaillat	Not applicable.
Florian Siegfried	Not applicable.
Patrick Michaels	Highway Holdings Ltd.
Frank Balint	Doré Copper Mining Corp.
Luis Santana	Not applicable.
Charles Reid	Not applicable.

Item 3. Orientation and Continuing Education

The Board does not currently have formal procedures or a program for the orientation of new board members, or for the continuing education of Board members. Inquiries are handled by the Board on a case by case basis with outside consultation, if required.

Item 4: Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company. In addition to operating independently from management, the independent members of the board monitor on an ongoing basis the activities of management to ensure that the highest standard of ethical conduct is maintained.

Under the corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Company, exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and disclose to the Board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction, is a director or officer (or an individual acting in a similar capacity) of a party to the contract or transaction or has a material interest in a party to the contract or transaction. The director must then abstain from voting on the contract or transaction unless the contract or transaction (i) relates primarily to their remuneration as a director, officer, employee or agent of the Company or an affiliate of the Company, (ii) is for indemnity or insurance for the benefit of the director in connection with the Company, or (iii) is with an affiliate of the Company. If the director abstains from voting after disclosure of their interest, the directors approve the contract or transaction and the contract or transaction was reasonable and fair to the Company at the time it was entered into, the contract or transaction is not invalid and the director is not accountable to the Company for any profit realized from the contract or transaction. Otherwise, the director must have acted honestly and in good faith, the contract or transaction must have been reasonable and fair to the Company and the contract or transaction be approved by the shareholders by a special resolution after receiving full disclosure of its terms in order for the director to avoid such liability or the contract or transaction being invalid.

Item 5: Nomination of Directors

The Board is responsible for identifying individuals qualified to become new Board members and recommending to the Board new director nominees for the next annual meeting of the shareholders.

New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Company, the ability to devote the time required, shown support for the Company's mission and strategic objectives, and a willingness to serve.

Item 6: Compensation

The compensation of the directors and the Chief Executive Officer (CEO) of the Company is determined by the Compensation & Nominating Committee. The compensation of the CEO of the Company is determined on the basis of the day-to-day duties and responsibilities associated with this position as well as the CEO's qualifications, experience, length of service and past contributions. In addition, the CEO may receive discretionary bonuses as incentive mechanisms for the meeting of particular corporate goals and objectives, or for the Company's financial performance. The compensation of the directors is determined by comparison with the types of compensation and the amounts paid to directors of comparable publicly traded Canadian companies. The Board intends to conduct a review with regard to directors' compensation and thereafter review such compensation once a year.

Item 7: Other Board Committees

Technical Committee

The current members of the Technical Committee are Frank Balint (Chair), Bill Fisher and Julio Espallat.

The Technical Committee assists the Board in fulfilling its oversight responsibilities with respect to: (i) technical matters relating to exploration, development, permitting, construction and operation of GoldQuest's mining activities; (ii) resources and reserves on GoldQuest's mineral resource properties; (iii) operating and production plans for proposed and existing operating mines; (iv) due diligence in the development, implementation and monitoring of systems and programs for the management and compliance with applicable law related to health, safety, environment and social responsibility; and; (v) ensuring GoldQuest implements best-in-class property exploration, development and operating practices.

Item 8: Assessments

The Board monitors the adequacy of information given to directors, communication between the Board and management and the strategic direction and processes of the Board and committees, and through so doing, satisfies itself that the Board, the committees and the individual directors are performing effectively. This review process relates directly to the description of the duties and responsibilities of management, the Board and to the mandates of the Board's committees.

CBCA DIVERSITY DISCLOSURE

Pursuant to section 172.1 of the Act, the Company is required to and hereby discloses its diversity practices as follows.

Diversity on the Company's Board and Among Senior Management

The Company believes that ensuring diversity is not only fundamental to its future growth and progress but is an integral part of all its business activities. The Company recognizes and appreciates the benefits of having diversity on its Board and in its senior management. The Company respects and values, among other things, differences in gender, age, ethnic origin, religion, education, sexual orientation, political belief and disability. At the same time, the Company also recognizes that Board and senior management appointments must be based on performance, ability and potential.

The Board has not adopted a formal policy regarding the identification and nomination of directors who are women, Aboriginal peoples, persons with disabilities or members of visible minorities (collectively, the "**Designated Groups**"). The Company recognizes the benefits of diversity within its Board, at the executive level and at all levels of the organization, but does not believe that a formal policy would enhance the representation of Designated Groups on the Board beyond the current recruitment and selection process.

In assessing potential directors and members of senior management, the Company focuses on the skills, expertise, experience and independence that the Company requires to be effective, and includes diversity (including the level of representation of members of Designated Groups) as a factor in its decision-making when identifying and nominating candidates for election or re-election to the Board and for senior management positions.

As of the date of this Circular, the Company has not adopted a target number or percentage, or a range of target numbers or percentages, for the members of any Designated Group to hold positions on the Board or to be members of senior

management by a specific date, as it believes that imposing targets based on specific selection criteria would limit the Company's ability to ensure that the overall composition of the Board and senior management meets the needs of the Company and its shareholders.

As of the date of this Circular, the Company has a total of 7 directors and 3 members of senior management. Currently, none of the Company's directors or members of senior management (0%) are female. None of the Company's directors or members of senior management (0%) are members of a visible minority. To the knowledge of the Company, none of the Company's directors or members of senior management (0%) are Aboriginal peoples or persons with disabilities.

Director Term Limits

The Company has not adopted term limits for the directors on the Board or other mechanisms of board renewal. The Company does not impose term limits on its directors as it takes the view that term limits are an arbitrary mechanism for removing directors which can result in valuable, experienced directors being forced to leave the Board solely because of length of service. Instead, the Company believes that directors should be assessed based on their ability to continue to make a meaningful contribution. The Board's priorities continue to be ensuring the appropriate skill sets are present amongst the Board to optimize the benefit to the Company. The Company believes that annual elections by the shareholders are a more meaningful way to evaluate the performance of directors and to make determinations about whether a director should be removed due to under-performance.

4. Limits with Respect to Insiders

- (a) The maximum aggregate number of shares that are issuable pursuant to the Plan and any other security based compensation arrangement, granted or issued to insiders (as a group) must not exceed 10% of the issued and outstanding shares of the Corporation at any point in time, unless the Corporation has obtained disinterested shareholder approval.
- (b) The maximum aggregate number of shares that are issuable pursuant to the Plan and any other security based compensation arrangement, granted or issued in any 12 month period to insiders (as a group) must not exceed 10% of the issued and outstanding shares of the Corporation, calculated as at the date any security based compensation arrangement is granted to or issued to any insider, unless the Corporation has obtained disinterested shareholder approval.

5. Eligibility

Options shall be granted only to service providers for the Corporation. The term “service providers for the Corporation” means (a) any full or part-time employee (“**Employee**”), Officer or Director of the Corporation or any of its subsidiaries; (b) any other person employed by a company or individual providing management services to the Corporation (“**Management Company Employee**”); (c) any other person or company engaged to provide ongoing consulting services for the Corporation or any entity controlled by the Corporation (“**Consultant**”) or (d) any individual engaged to provide services that promote the purchase or sale of the issued securities (“**Investor Relations Service Provider**”) (any person in (a), (b), (c) or (d) hereinafter referred to as an “**Eligible Person**”); and (e) any registered retirement savings plan established by such Eligible Person, or any corporation controlled by such Eligible Person, the issued and outstanding shares of which are, and will continue to be, beneficially owned, directly or indirectly, by such Eligible Person. For stock options to Employees, Consultants or Management Company Employees, the Corporation and the optionee are responsible for ensuring and confirming that the optionee is a bona fide Employee, Consultant or Management Company Employee, as the case may be. The terms “Director”, “Officer”, “insider”, “controlled” and “subsidiary” shall have the meanings ascribed thereto in the Securities Act (Ontario) from time to time. Subject to the foregoing, the board of directors or Committee, as applicable, shall have full and final authority to determine the persons who are to be granted options under the Plan and the number of shares subject to each option.

6. Limits with Respect to Consultants and Investor Relations Service Providers

- (a) The maximum number of shares which may be reserved for issuance to any one Consultant in any twelve month period, under the Plan, any other employer stock option plans or options for services, shall be no more than 2% of the shares issued and outstanding at the time of the grant (on a non-diluted basis).
- (b) The maximum number of shares which may be reserved for issuance to Investor Relations Service Providers in any twelve month period, under the plan, any other employer stock option plans or options for services, shall be no more than an aggregate of 2% of the shares issued and outstanding at the time of the grant (on a non-diluted basis).

7. Price

The purchase price (the “**Price**”) for the shares of the Corporation under each option shall be determined by the board of directors or Committee, as applicable, and shall not be less than the Discounted Market Price (as defined in the policies of the TSX Venture Exchange (the “**Exchange**”)), or such other price as may be required or permitted by the Exchange from time to time.

8. Period of Option and Rights to Exercise

Subject to the provisions of this paragraph 8 and paragraphs 9, 10 and 19 below, options will be exercisable in whole or in part, and from time to time, during the currency thereof. Options shall not be granted for a term exceeding five years. Notwithstanding the foregoing, in the event that the term of an option expires during a period of time in which insiders are prohibited from trading in the Corporation’s securities by law, by the policies of any stock exchange on which the Corporation’s shares are listed, or as provided by the Corporation’s insider trading policy, as it may be implemented and amended from time to time (a “**Blackout Period**”)-~~or within 10 business days thereafter~~, the option shall expire on the date that is 10 business days following the conclusion of the Blackout Period. The shares to be purchased upon each exercise of any option (the “**optioned shares**”) shall be paid for in full at the time of such

exercise. Except as provided in paragraphs 9, 10 and 19 below, no option which is held by a service provider may be exercised unless the optionee is then a service provider for the Corporation.

9. Cessation of Provision of Services

Subject to paragraph 10 below, if any optionee who is a service provider shall cease to be a service provider for the Corporation for any reason (whether or not for cause) the optionee may, but only within the period of ninety days, or thirty days, if the service provider is an Investor Relations Service Provider, next succeeding such cessation and in no event after the expiry date of the optionee's option, exercise the optionee's option unless such period is extended as provided in paragraph 10 below.

10. Death of Optionee

In the event of the death of an optionee during the currency of the optionee's option, the option theretofore granted to the optionee shall be exercisable within, but only within, the period of one year next succeeding the optionee's death. Before expiry of an option under this paragraph 10, the board of directors or Committee, as applicable, shall notify the optionee's representative in writing of such expiry.

11. Non-Assignability and Non-Transferability of Option

An option granted under the Plan shall be non-assignable and non-transferable by an optionee otherwise than by will or by laws of descent and distribution, and such option shall be exercisable during an optionee's lifetime, only by the optionee.

12. Adjustments in Shares Subject to Plan

The aggregate number and kind of shares available under the Plan shall be appropriately adjusted in the event of a reorganization, recapitalization, stock split, stock dividend, combination of shares, merger, consolidation, rights offering or any other change in the corporate structure or shares of the Corporation. The options granted under the Plan may contain such provisions as the board of directors, or Committee, as applicable, may determine with respect to adjustments to be made in the number and kind of shares covered by such options and in the option price in the event of any such change. Any adjustment to options granted or issued, other than in connection with a security consolidation or security split, including adjustments related to an amalgamation, merger, arrangement, reorganization, spin-off, dividend or recapitalization, or acceleration of the vesting provisions of options issued to any Investor Relations Service Provider is subject to the prior acceptance of the Exchange. If there is a reduction in the exercise price or an extension of the term of the options of an insider of the Corporation, the Corporation will be required to obtain approval from the disinterested shareholders.

Notwithstanding the foregoing, (i) should the Corporation not have sufficient shares available to satisfy an increase in the number of shares of the Corporation, at a particular time, which have been reserved for issuance upon the exercise of an option but which have not been issued (the "unissued option shares"); or (ii) should the increase of the number of unissued option shares result in the Corporation breaching a limit on grants or issuances set out in paragraphs 3 and 4, then in lieu of increasing the number of unissued option shares, the Corporation may pay the holders of each option such amount in cash, if any, as is determined by the board of directors in its sole and unfettered discretion to be appropriate in order to properly satisfy the Corporation's obligations.

13. Exchange Hold Periods and Resale Restrictions

If required by the policies of the Exchange, the certificate representing the options and any certificate representing shares of the Corporation issued upon the exercise of such options (if exercised prior to the expiry of the Exchange Hold Period (as defined in the policies of the Exchange)) will bear the following Exchange Hold Period legend:

“Without prior written approval of TSX Venture Exchange and compliance with all applicable securities legislation, the securities represented by this certificate may not be sold, transferred, hypothecated or otherwise traded on or through the facilities of TSX Venture Exchange or otherwise in Canada or to or for the benefit of a Canadian resident until [insert date that is four months and a day after the distribution date].”

14. Amendment and Termination of the Plan

Subject to the requisite shareholder and regulatory approvals, the board of directors or the Committee may from time to time amend or revise the terms of the Plan or may discontinue the Plan at any time. If the optionee is an insider, any amendment reducing the exercise price of an option or extending an option period will require disinterested shareholder approval pursuant to the policies of the Exchange.

(a) Subject to the receipt of requisite shareholder and regulatory approval, the board of directors may make amendments to the Plan, including amendments to the following provisions of the Plan:

- (i) the persons eligible to be granted or issued options under the Plan;
- (ii) the maximum percentage of shares of the Corporation which may be issued and sold under the Plan;
- (iii) the maximum percentage of shares of the Corporation which may be issued to any one insider, Consultant and Investor Relations Service Provider;
- (iv) the maximum term of options;
- (v) the method for determining the exercise price of options; and
- (vi) the expiry and termination provisions applicable to options, including the addition of a blackout period.

(b) The board of directors may, subject to receipt of requisite regulatory approval, in its sole discretion, make the following amendments to the Plan:

- (i) amendments to fix typographical errors;
- (ii) amendments of a housekeeping nature;
- (iii) the addition of or a change to the vesting provision of an option or the Plan;
- (iv) a change to the termination provisions of an option or the Plan which does not entail an extension beyond the original expiry date; and

(v) amendments to clarify existing provisions of the Plan that do not have the effect of altering the scope, nature and intent of such provisions.

(c) Notwithstanding the provisions of subparagraph 14(b), the Corporation shall obtain requisite shareholder approval in respect of amendments to the Plan that are contemplated pursuant to subparagraph 14(b) to the extent such approval is required by any applicable law or regulations.

15. Effective Date of the Plan

The Plan becomes effective on the date of its approval by the shareholders of the Corporation.

16. Evidence of Options

Each option granted under the Plan shall be embodied in a written option agreement between the Corporation and the optionee which shall give effect to the provisions of the Plan.

17. Exercise of Option

Subject to the provisions of the Plan and the particular option, an option may be exercised from time to time by delivering to the Corporation at its registered office a written notice of exercise specifying the number of shares with respect to which the option is being exercised and accompanied by payment in cash or certified cheque for the full amount of the purchase price of the shares then being purchased.

Upon receipt of a certificate of an authorized officer directing the issue of shares purchased under the Plan, the transfer agent is authorized and directed to issue and countersign share certificates for the optioned shares in the name of such optionee or the optionee's legal personal representative or as may be directed in writing by the optionee's legal personal representative.

18. Net Exercise

Other than for an optionee who is an Investor Relations Service Provider, in lieu of paying the aggregate Price to purchase shares of the Corporation and subject to the provisions of the Plan and, upon prior approval of the board of directors or an administrator on the instructions of the board of directors or such committee of the board of directors formed in respect of matters relating to the Plan, in their sole and absolute discretion, once an option has vested and become exercisable, an optionee may elect, in lieu of exercising such option, to surrender such option in exchange for the issuance of the number of shares of the Corporation equal to the number determined by dividing (a) the product of the number of options surrendered by the difference between the fair market value (calculated, for purposes of this paragraph 18, as at the date of settlement based on the volume weighted average trading price of the shares for the five trading days immediately preceding the surrender) and the Price of such option by (b) the fair market value (calculated as at the date of settlement).

An option may be surrendered and disposed of pursuant to this paragraph 18 from time to time by delivery to the Corporation at its principal place of business: (a) an exercise notice specifying that the optionee has elected to effect such a net settlement of such option and the number of options to be exercised and (b) the payment of an amount for any tax withholding or remittance obligations of the optionee or the Corporation arising under applicable securities laws (or by entering into some other arrangement acceptable to the Corporation). The Corporation will not be required, upon the net settlement of any options pursuant to this paragraph 18, to issue fractions of shares of the Corporation or to distribute certificates which evidence fractional shares of the Corporation. In the event the number of shares of the Corporation to be issued upon the net settlement of an option is a fraction, the optionee will

receive the next lowest whole number of shares of the Corporation and will not receive any other form of compensation (cash or otherwise) for the fractional interest.

19. Withholding

The Corporation may withhold from any amount payable to an optionee, either under this Plan or otherwise, such amount as it reasonably believes is necessary to enable the Corporation to comply with the applicable requirements of any federal, provincial, local, or foreign law, or any administrative policy of any applicable tax authority, relating to the withholding of tax or any other required deductions with respect to options (“**Withholding Obligations**”). The Corporation may also satisfy any liability for any such Withholding Obligations, on such terms and conditions as the Corporation may determine in its discretion, by (a) requiring an optionee, as a condition to the exercise of any Options, to make such arrangements as the Corporation may require so that the Corporation can satisfy such Withholding Obligations including, without limitation, requiring the optionee to remit to the Corporation in advance, or reimburse the Corporation for, any such Withholding Obligations or (b) selling on the optionee’s behalf, or requiring the optionee to sell, any Shares acquired by the optionee under the Plan, or retaining any amount which would otherwise be payable to the optionee in connection with any such sale.

20. Vesting Restrictions

Options issued under the Plan may vest at the discretion of the board of directors or Committee, as applicable, provided that (a) the number of shares which may be acquired pursuant to the Plan shall not exceed a specified number or percentage during the term of the optionee; and (b) options issued to an Investor Relations Service Provider must vest in stages over not less than 12 months with no more than one-quarter (1/4) of the options vesting in any three month period.

21. Notice of Sale of all or Substantially all Shares or Assets

If at any time when an option granted under this Plan remains unexercised with respect to any optioned shares:

- (a) the Corporation seeks approval from its shareholders for a transaction which, if completed, would constitute an Accelerated Event (as defined below); or
- (b) a third party makes a bona fide formal offer or proposal to the Corporation or its shareholders which, if accepted, would constitute an Accelerated Event;

the Corporation shall notify the optionee in writing of such transaction, offer or proposal as soon as practicable and, provided that the board of directors or Committee, as applicable, has determined that no adjustment shall be made pursuant to paragraph 12 hereof, (i) the board of directors or Committee, as applicable, may permit the optionee to exercise the option granted under this Plan, as to all or any of the optioned shares in respect of which such option has not previously been exercised (regardless of any vesting restrictions), during the period specified in the notice (but in no event later than the expiry date of the option), so that the optionee may participate in such transaction, offer or proposal; and (ii) the board of directors or Committee, as applicable, may require the acceleration of the time for the exercise of the said option and of the time for the fulfillment of any conditions or restrictions on such exercise. For greater certainty, there can be no acceleration of the vesting requirements applicable to option grants to an Investor Relations Service Provider without the prior written approval of the Exchange.

For these purposes, an Accelerated Event means:

- (a) the acquisition by an “offeror” (as defined in Part XX of the Securities Act (Ontario)) of beneficial ownership or more than 50% of the outstanding voting securities of the Corporation, by means of a takeover bid or otherwise;
- (b) any consolidation or merger of the Corporation in which the Corporation is not the continuing or surviving corporation or pursuant to which shares of the Corporation would be converted into cash, securities or other property, other than a merger of the Corporation in which shareholders immediately prior to the merger have the same proportionate ownership of stock of the surviving corporation immediately after the merger;
- (c) any sale, lease exchange or other transfer (in one transaction or series of related transactions) of all or substantially all of the assets of the Corporation; or
- (d) the approval by the shareholders of the Corporation of any plan of liquidation or dissolution of the Corporation.

22. Rights Prior to Exercise

An optionee shall have no rights whatsoever as a shareholder in respect of any of the optioned shares (including any right to receive dividends or other distributions therefrom or thereon) other than in respect of optioned shares in respect of which the optionee shall have exercised the option to purchase hereunder and which the optionee shall have actually taken up and paid for.

23. Governing Law

This Plan shall be construed in accordance with and be governed by the laws of the Province of Ontario and shall be deemed to have been made in said Province, and shall be in accordance with all applicable securities laws.

24. Expiry of Option

On the expiry date of any option granted under the Plan, and subject to any extension of such expiry date permitted in accordance with the Plan, such option hereby granted shall forthwith expire and terminate and be of no further force or effect whatsoever as to such of the optioned shares in respect of which the option has not been exercised.
